Help Save the Life of an Abandoned Child

For as little as \$20/month you can help rescue a child that was abandoned or orphaned in Africa. Samaritan Village is a private, non-profit organization established and run by volunteers. The Orphanage provides physical, mental and spiritual care for orphaned children in a safe and stable Christian home environment where they are provided food, shelter, clothing, education and medical care. Since 1996, over 100 babies have been rescued and adopted by families from around the world or are growing up at Samaritan Village.
