### THE OFFICE BUILDING IS NOW IN USE!

The construction on the new office building is now complete and in use! As a result, the rooms in the dorm are now furnished and being used for children! The funds for both these projects were raised at last year's **To Tanzania with Love Event**. The \$54,000 office building/meeting room and study hall as well as the dorm furnishings came in on budget and were completed before costs skyrocketed in Tanzania!

## About Us

**Our Mission:** Samaritan Village exists for the purpose of implementing the Great Commission of Jesus Christ to go into all the world and preach the gospel, by providing physical, mental and spiritual care for orphaned children in Tanzania, Africa.

**Our Vision:** Samaritan Village is a private, non-profit organization established and run by volunteers to develop, expand and maintain a Christian orphanage to care for abandoned and orphaned children.

**Our Goal:** We work to reduce the number of abandoned children and the deaths of children in Tanzania by providing care for those whose parents have either died or abandoned them and who have no relatives responsible for their care. This is accomplished by providing a safe and stable Christian home environment where children are provided food, shelter, clothing, education and medical care.

## FALL NEWS 2022

## EXCITING NEWS FROM AFRICA! EVERY CHILD NOW HAS A SPONSOR!

We are incredibly grateful to have so many wonderful sponsors for the children at Samaritan Village! It's taken quite some time, but we now have at least one sponsor for every child currently at the orphanage. While a full sponsorship is \$60 a month, we realize that's asking a lot for some people. That's why we offer partial sponsorships for either \$20 or \$30 a month. The means we have some children who could still use an additional sponsor. (NOTE: That doesn't mean a child is treated differently according to the number of sponsors he or she has. It simply means when every child is fully sponsored, the expenses are covered for the entire orphanage.

**These are twenty-four children who could still use at least one additional sponsor. You can find them and their stories on the website where you can also choose to sponsor them.**

## TO TANZANIA WITH LOVE

Our annual fund raising banquet/concert is coming up! You won't want to miss this year's event. Once again we have **Lisa Daggs** performing for us. In addition, we'll have our incredible spaghetti dinner and as always an update on what's been happening at the orphanage over the past year. This will include the adoption of several children as well as the completion of the final building at the orphanage. Plan now to come and bring a friend!

## GO WITH US TO AFRICA!

Do you ever wish you could meet of these wonderful children and the incredible staff at Samaritan Village? Well, now is your chance. We will be going to the orphanage over New Year's. The trip is planned for **December 29,**

**2022 - January 11, 2023.** The cost will be \$2,300 for everything including a one day African Safari! Don't let the cost deter you from what is guaranteed to be a life changing experience for you and the children! Contact us and we'll help you with fund raising ideas. Remember, when we visit the children in person, we show them how valuable they really are and how much they are loved! It's life changing for us, but it's also life-changing for them! **Call or visit the website for more information.**

**TO: OUR DONORS** 22 August 2022

**RE: THANKS FOR THE BUILDING SUPPORT**

The above subject refers.

In recent years urban and semi urban communities in Tanzania have been experiencing an expanding tendency of children abandonment and dumping. Arusha region is one of the communities in which a number of infant children are being found in the corners of the streets, in dust bin, guest house, toilet trenches, bushes etc.

Majority of these children are found dead / in a dying stage due to intended killing attempts by their family and other dangerous animals and harmful conditions.

For Godly reasons, some of these children are found alive and healthy.

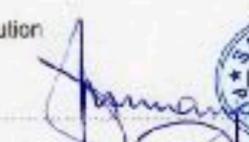

All children founded alive admitted to Samaritan for care. For long time Samaritan work in a dormitory room as office and make difficult to save the children when the guests visit.

Due to that I planned to separate office and children dormitories. Now we have nice office.

I want to take this opportunity on behalf of Children, Staff and Board to thank you and all of those responsible for the financial assistance to Construction and all furniture's to Samaritan Village Office. Your support you sent to help building of office make big changes to Samaritan Village Organization. The office helping us to keep children records/files, meeting together in Conference hall and discuss difference Issues of children's, staff or board. The office is separate to the children Dormitories so that, all guests must finish all issues at office and not necessary to disturb children programs.

I know thank you just doesn't seem like nearly enough! My deepest heartfelt thanks for your assistance in helping us to build organization office.

Thank you once again for your generous contribution  
 Sincerely,

  
 Josephat A. Mmanyi
